

Workshop: “Uncovering” with Asset-Map

Presenter	What was good?	What can be added?	What can be removed?
Presenter	What was good?	What can be added?	What can be removed?
Presenter	What was good?	What can be added?	What can be removed?
Presenter	What was good?	What can be added?	What can be removed?

After listening to others, what can I add to my process to uncover more problems & opportunities?

What should I avoid or remove from my process of uncovering needs?
